### 1. Nature of Operations and Going Concern

Southern Silver Exploration Corp. (the "Company") is an exploration stage company incorporated under the laws of British Columbia, Canada. The Company's principal business activities include the acquisition, exploration, and development of natural resource properties for enhancement of value and disposition pursuant to sales agreements or development by way of third party option and/or joint venture agreements. The Company's registered office is 1710 - 1177 West Hastings Street, Vancouver, British Columbia, Canada, V6E 2L3.

The business of exploring for minerals involves a high degree of risk and there can be no assurance that any of the Company's current or future exploration programs will result in profitable mining operations. The recoverability of amounts shown for mineral properties is dependent upon the discovery of economically recoverable reserves, the ability of the Company to obtain financing to complete their exploration and development, and establish future profitable operations, or realize proceeds from their sale. The carrying value of the Company's mineral properties does not reflect present or future value.

These condensed consolidated interim financial statements were prepared on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. As at October 31, 2017 the Company had working capital of \$3,332,252 (April 30, 2017 - \$2,137,928). The Company incurred a net loss of \$2,385,041 for the six months ended October 31, 2017 (2016 - \$1,802,637) and had an accumulated deficit of \$32,127,956 as at October 31, 2017 (April 30, 2017 - \$29,762,438).

The Company has relied mainly upon the issuance of share capital and mineral property earn-in agreements to finance its activities. The Company will be required to rely on such funding to finance future exploration and administrative activities. There can be no assurance that further financing will be available to the Company and, therefore, a material uncertainty exists that casts significant doubt over the Company's ability to continue as a going concern. These condensed consolidated interim financial statements do not include the adjustments to assets and liabilities that would be necessary should the Company be unable to continue as a going concern. Such adjustment could be material.

### 2. Basis of Preparation and Consolidation

These condensed consolidated interim financial statements were prepared in accordance with International Accounting Standards 34: *Interim Financial Reporting* on a historical cost basis, except for cash flow information and financial instruments measured at fair value. The financial statements of the Company consolidates entities controlled and equity accounts entities partially-owned by the Company as follows:

Entity	Country of Incorporation	Principal Activity
Southern Silver Holdings Limited ("SSHL")	British Virgin Islands	Holding company - 40% owned by the Company
Minera Plata del Sur S.A de C.V. ("MPS")	Mexico	Mineral exploration - 100% owned by SSHL
Southern Silver Projects Limited ("SSPL")	British Virgin Islands	Holding company - 100% owned by the Company
Exploraciones Magistral S.A de C.V.	Mexico	Mineral exploration - 100% owned by SSPL
Southern Silver Exploration Corp. (US)	United States of America	Mineral exploration - 100% owned by the Company

(An Exploration Stage Company) Notes to the Condensed Consolidated Interim Financial Statements Six Months Ended October 31, 2017 and 2016 (Expressed in Canadian Dollars, Unaudited)

### 2. Basis of Preparation and Consolidation, continued

All inter-company transactions and balances have been eliminated upon consolidation. The Company's functional and presentation currency is the Canadian dollar.

These condensed consolidated interim financial statements do not include all of the information required for complete annual financial statements and should be read in conjunction with the Company's audited annual consolidated financial statements for the year ended April 30, 2017.

These condensed consolidated interim financial statements were approved and authorized for issue by the Board of Directors on December 21, 2017.

### 3. Summary of Significant Accounting Policies

The same accounting policies are used in the preparation of these condensed consolidated interim financial statements as for the most recent audited annual consolidated financial statements and reflect all the adjustments necessary for fair presentation of the results for the interim periods presented.

### 4. Financial Instruments

Financial instruments with carrying values that approximate fair values due to the short period to maturity include cash, accounts payable and accrued liabilities and amounts due to related parties. Reclamation bonds are non-interest-bearing, have no maturity date and carrying values approximate fair value.

#### 6. Investment in Associate

Pursuant to an earn-in agreement, Electrum Global Holdings L.P. ("Electrum") now owns 60% of SSHL with the Company owning the remaining 40%. Following the earn-in period, each SSHL shareholder is to proportionately participate in all costs and expenditures in accordance with their respective participating interest or have their participating interest diluted in accordance with an applicable dilution formula. If a participating interest is diluted to less than 10%, that interest will be surrendered in exchange for a 2% NSR.

As the Company has retained a 40% interest and is able to exert significant influence, SSHL is considered to be an associate as at October 31, 2017 and April 30, 2017. The interest is now accounted for as an investment in an associate using the equity method as:

	October 31, 2017	April 30, 2017

### 6. Investment in Associate, continued

With respect to Cerro Las Minitas, the Company will be expected to contribute at its participating interest to the following:

- On April 20, 2017, two contiguous concessions were acquired by staking. One of these claims is subject to a finder's fee whereby minimum periodic payments are due on a semi-annual basis accelerating from US \$5,000 to US \$25,000 over a ninety-six month period and a 1% NSR with such periodic payments being credited to NSR payments. Subsequent to payment of US \$5,000,000 in NSR payments the royalty is reduced to 0.5%.
- One additional concession may be acquired if the underlying owner can deliver registered title and by making a payment, excluding applicable local taxes, of US \$200,000.

Summarized financial information for SSHL and MPS after inter-company eliminations is as follows:

	October 31, 2017	April 30, 2017
