

1100-1199 West Hastings Street, Vancouver, BC, V6E 3T5

August 17, 2023

Dear Shareholders:

Your Company has made significant progress this year on both the Cerro Las Minitas Project which continues to advance through the scoping and economic assessment stages and at the Oro project where we completed the latest phase of core drilling on the property.

Highlights of the previous year are below.

Cerro Las Minitas property, Durango, Mexico:

The publication of a NI43-101 Preliminary Economic Assessment of the Cerro Las Minitas Project which presents the outline of a large-scale, underground, silver and base metal mine with robust economics which can only grow larger and more valuable with continued exploration and development.

Completed diamond drilling on the North Felsite target and incorporated the mineralization into an updated NI43-101 Mineral Resource on the Cerro Las Minitas Property. This increase is an approximate 63% increase in the size of the La Bocona deposit (on a AgEq basis) and an overall 4.5% increase in the mineral resources of the entire project and will be incorporated into further economic assessments on the property.

The completion of metallurgical test work which confirmed the technical merit of recovering both free cyanide-leachable gold and refractory gold from pyritic material through a process of fine grinding and hot atmospheric pressure oxidation followed by cyanide leaching. Gold recovery was not included in earlier economic assessments and these results will have a direct positive impact on the project economics.

The Cerro Las Minitas project is an advanced exploration stage polymetallic Ag-Pb-Zn-Cu Skarn/CRD project located in southern Durango. Details of exploration and development are set out in Schedule 1 to this report.

Oro and Hermanas, New Mexico, USA:

During the year, targets were identified and four core holes totalling 4,050 metres were drilled on the Oro, New Mexico property. Drilling confirmed our interpretation that the entire hydrothermal system is preserved beneath a tilted Lithocap. Verification of classic copper porphyry metal zoning in the four core holes, is very encouraging. 62 new claims have been staked in the northern part of the property and several new targets identified for future drill testing.

Verification sampling by the company on the Hermanas Property contain anomalous gold and silver in seven of nine samples collected, including a sample from a small historic mine dump that assayed 6.7ppm Au & 150ppm Ag and a sample of outcropping banded quartz + carbonate vein that assayed 4.6ppm Au & 56ppm Ag. Detailed geologic mapping and additional sampling were conducted. In addition, historic drilling data and airborne geophysical data were identified and acquired. Drill targets have been identified and permitting for 2024 drilling is in process.

Details of exploration and development on both properties are set out in Schedule 1 to this report.

Thanks are due to our Company's employees, consultants and support personnel. In the past thirteen years the Cerro Las Minitas project has been transformed from a raw prospect into a very valuable resource which can be developed into a new Mexican mine; the New Mexican projects are well on their way to continued development into valuable mineral deposits which may be beneficiated through further application of science and geological expertise.

SCHEDULE 1

Cerro Las Minitas

PEA Highlights:

On August 29th, 2022, the Company released an NI 43-101 Preliminary Economic Assessment (“PEA”) for the project, by M3 Engineering & Technology Corp. (“M3”), Kirkham Geosystems Ltd. (“KGL”), Entech Mining Limited (“Entech”), and Metallurgical Process Consultants Limited (“MPC”).

PEA Highlights⁽¹⁾:

Robust Project Economics: an after-tax NPV5% of US\$349M (C\$480M) and project IRR of 17.9% (using base-case metal pricing of Ag- \$21.95/oz, Cu – \$3.78/lb, Pb – \$0.94/lb and Zn - \$1.33/lb);

Large-Scale Underground Mining Operation with a 15-year mine life with an annual average plant feed of 14.2 Mozs AgEq (inc. 5.8 Mozs Ag);

High-Revenue Project: Base Case gross revenues total US\$3.7B with silver representing 42% of revenues, zinc representing 39% of revenues. The project has an Initial CapEx of US\$341M; and

Well Located Project in a mining friendly jurisdiction with excellent infrastructure in southeast Durango state, Mexico.

The PEA modelling is based upon a Mineral Resource Estimate prepared in late 2021 with data derived from 171 drill holes. Drilling through to August 2022 confirmed mineralized extensions to the Mina La Bocona and Skarn Front deposits that were not incorporated into the PEA and was the subject of a subsequent resource update (see below). Other deposits remain open laterally and to depth and remain to be explored.

Mineral Resource Update:

On March 22, 2023, the Company released an updated NI 43-101 Mineral Resource Estimate (“Resource Estimate”) for the project, by Kirkham Geosciences Ltd which, at a US\$60/ cut-off, featured:

Resource Model Highlights⁽²⁾:

Indicated Mineral Resources: 12.5Mt averaging 106g/t Silver, 0.07g/t Gold, 0.2% Copper, 1.3% Lead and 3.3% Zinc (349g/t AgEq; 8.5% ZnEq) equalling a US\$130/t NSR value, containing:

42.7 million ounces of silver; 29 thousand ounces of gold; 46 million pounds of copper, 364 million pounds of lead; and 903 million pounds of zinc.

This equates to 140 million ounces silver equivalent or 2.3 billion pounds zinc equivalent; and

Inferred Mineral Resources: 21.0Mt averaging 118g/t Silver, 0.1g/t Gold, 0.2% Copper, 1.2% Lead and 2.2% Zinc (311g/t AgEq; 7.6% ZnEq) equalling a US\$123/t NSR value containing:

80.0 million ounces of silver; 85 thousand ounces of gold; 101 million pounds of copper, 571 million pounds of lead; and 1,029 million pounds of zinc (1.03 billion pounds Zn).

This equates to 210 million ounces silver equivalent or 3.5 billion pounds zinc equivalent.

The new Mineral Resource Estimate incorporates results from 26 additional drill holes totalling 11,801.5 metres which tested the north-western extension of the La Bocona deposit. Mineralization was also identified in several holes specifically along the northern margin of the central intrusion that were not incorporated into the new resource update and with further drilling, represent additional expansion opportunities.

The new Resource Estimate increases the size of the resource on a tonnage and silver-equivalency basis making it one of the largest, undeveloped high-grade underground silver-based deposits in the world.

Results from the updated Resource Estimate will now be incorporated, with additional mining, mineral processing and financial data into an independent NI43-101 Preliminary Economic Assessment (“PEA”) for the project.

A total of 226 drill holes for 97,384 metres has now been completed on the Cerro Las Minitas Project, with exploration expenditures of approximately US\$37.0 million.

Oro, New Mexico

2022 drilling completed 4,050 metres in four holes testing several deep porphyry targets and returning 457metres of 0.15% CuEq and several high-grade mineralized intercepts.

Drilling tested mineralized intrusive, tested several targets in the upper carbonate stratigraphy and confirmed an association between mineralized intrusive and airborne magnetic anomalies.

Numerous targets remain to be tested and two new targets have been developed.

Hermanas, New Mexico

The Hermanas property is located approximately 40km east of Southern Silver’s Oro property and has excellent access and logistical features. Multiple veins are exposed on the property which are indicative of a high-level, vein system. Samples collected by the Company assay high concentrations of gold and silver, and together with vein textures indicative of minimal erosion, indicate that deeper, untested portions of the veins are attractive exploration targets. Surface mapping and sampling have been completed, and along with purchased regional magnetic/radiometric data and recently acquired historic shallow drill data, have been incorporated into a 3D model. Modeling is now complete, drill targets identified and permitting for 2024 drilling is in progress.

**MANAGEMENT INFORMATION CIRCULAR
AS AT AND DATED AUGUST 17, 2023
(unless otherwise noted)**

This Management Information Circular (“Information Circular”) accompanies the Notice of the Annual General Meeting (“Notice of Meeting”) of holders of common shares (“shareholders”) of Southern Silver Exploration Corp. (the “Company”) scheduled to be held on Tuesday, September 26, 2023 (the “Meeting”), and is furnished in connection with a solicitation of proxies for use at that Meeting and at any adjournment or postponement thereof.

PERSONS OR COMPANIES MAKING THE SOLICITATION

**THE FORM OF PROXY ACCOMPANYING THIS INFORMATION CIRCULAR
IS BEING SOLICITED BY MANAGEMENT OF THE COMPANY**

Solicitations will be made by mail and possibly supplemented by telephone, electronic means or other personal contact to be made without special compensation by directors, officers and employees of the Company. The Company may reimburse shareholders’ nominees or agents for the cost incurred in obtaining from their principals authorization to execute forms of proxy. It is not anticipated that any solicitation will be made by specially engaged employees or soliciting agents. The cost of solicitation will be borne by the Company.

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not create, under any circumstances, any implication that there has been no change in the Information set forth herein since the date of this Information Circular. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

APPOINTMENT OF PROXYHOLDER

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Those shareholders so desiring may be represented by proxy at the Meeting. The persons named in the form of proxy accompanying this Information Circular are directors and/or officers of the Company (“Management Appointees”). **A shareholder has the right to appoint a person or company (who need not be a shareholder) to attend and act on the shareholder’s behalf at the Meeting other than the Management Appointees.** To exercise this right, the shareholder must either insert the name of the desired person in the blank space provided in the form of proxy accompanying this Information Circular and strike out the names of the Management Appointees or submit another proper form of proxy.

NON-REGISTERED SHAREHOLDERS

Only shareholders whose names appear on the records of the Company (“registered shareholders”) or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are not registered shareholders because the shares they own are not registered in their names. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of that person (the “Non-Registered Holder”) but which are registered either: (a) in the name of an intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the shares including, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“CDS”)) of which the Intermediary is a participant. In accordance with current securities regulatory policy, the Company has distributed copies of the Notice of Meeting, this Information Circular and the form of proxy accompanying this Information Circular (collectively, the “Meeting Materials”) to the clearing agencies and Intermediaries.

Current securities regulatory policy requires Intermediaries to forward the Meeting Materials to, and to seek voting instructions from, Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries will often use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete this form of proxy and **submit it to the Company, c/o Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, fax number: (416) 263-9261; or**
- (b) more typically, be given a voting instruction or proxy authorization form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company,**

(such as Broadridge Financial Solutions Inc.), will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for this proxy form to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the proxy form, properly complete and sign the proxy form and return it to the Intermediary or its service company, or otherwise communicate voting instructions to the Intermediary or its service company (by way of telephone or Internet, for example) in accordance with the instructions of the Intermediary or its service company. **A Non-Registered Holder cannot use a proxy authorization form to vote shares directly at the Meeting.**

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own.

The Meeting Materials are being sent to both registered and non-registered owners of shares. If you are a Non-Registered Holder and the Company or its agent has sent the Meeting Materials directly to you as a non-objecting beneficial owner under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding shares on your behalf. By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding shares on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Management of the Company does not intend to pay for Intermediaries to forward to objecting beneficial owners under NI 54-101 the Meeting Materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*, and in the case of an objecting beneficial owner, the objecting beneficial owner will not receive the Meeting Materials unless the Intermediary holding shares on behalf of the objecting beneficial owner assumes the cost of delivery.

Non-Registered Holders cannot be recognized at the Meeting for purposes of voting their shares in person or by way of depositing a form of proxy. If you are a Non-Registered Holder and wish to vote in person at the Meeting, please see the voting instructions you received or contact your Intermediary well in advance of the Meeting to determine how you can do so.

Non-Registered Holders should carefully follow the voting instructions they receive, including those on how and when voting instructions are to be provided, in order to have their shares voted at the Meeting.

DEPOSIT AND VOTING OF PROXIES

To be effective, the instrument of proxy must be dated and signed and, together with the power of attorney or other authority, if any, under which it is signed or a notarially certified copy thereof, deposited at the office of Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, not less than 48 hours, Saturdays, Sundays and holidays excepted, prior to the time of the holding of the Meeting or any adjournment or postponement thereof. Late proxies may be accepted or rejected by the Chairman of the Meeting in the Chairman’s discretion, and the Chairman is under no obligation to accept or reject any particular late proxy.

THE SHARES REPRESENTED BY A PROPERLY EXECUTED AND DEPOSITED PROXY WILL BE VOTED OR WITHHELD FROM VOTING ON EACH MATTER REFERRED TO IN THE NOTICE OF MEETING IN ACCORDANCE WITH THE INSTRUCTIONS GIVEN (PROVIDED SUCH INSTRUCTIONS ARE CERTAIN) ON ANY BALLOT THAT MAY BE CALLED FOR AND, IF A CHOICE IS SPECIFIED WITH RESPECT TO ANY MATTER TO BE ACTED UPON AT THE MEETING, THE SHARES SHALL BE VOTED OR WITHHELD FROM VOTING ACCORDINGLY. **WHERE NO CHOICE IS SPECIFIED IN RESPECT OF ANY MATTER TO BE ACTED UPON AND ONE OF THE MANAGEMENT APPOINTEES IS NAMED IN THE FORM OF PROXY TO ACT AS THE SHAREHOLDER’S PROXYHOLDER, THE SHARES REPRESENTED BY THE PROXY WILL BE VOTED IN FAVOUR OF ALL SUCH MATTERS.** THE FORM OF PROXY ACCOMPANYING THIS INFORMATION CIRCULAR GIVES THE PERSON OR COMPANY NAMED AS PROXYHOLDER DISCRETIONARY AUTHORITY REGARDING AMENDMENTS OR VARIATIONS TO MATTERS IDENTIFIED IN THE NOTICE OF MEETING AND OTHER MATTERS THAT MAY PROPERLY COME BEFORE THE MEETING. IN THE EVENT THAT AMENDMENTS OR VARIATIONS TO MATTERS IDENTIFIED IN THE NOTICE OF MEETING ARE PROPERLY BROUGHT BEFORE THE MEETING OR ANY OTHER BUSINESS IS PROPERLY BROUGHT BEFORE THE MEETING, IT IS THE INTENTION OF THE MANAGEMENT APPOINTEES TO VOTE IN ACCORDANCE WITH THEIR BEST JUDGMENT ON SUCH MATTERS OR BUSINESS ON ANY BALLOT THAT MAY BE CALLED FOR. AT THE TIME OF PRINTING THIS INFORMATION CIRCULAR, MANAGEMENT KNOWS OF NO SUCH AMENDMENTS, VARIATIONS OR OTHER MATTERS WHICH MAY BE BROUGHT BEFORE THE MEETING.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the registered shareholder or the registered shareholder’s attorney authorized in writing, or if the registered shareholder is a corporation, by a duly authorized officer or attorney thereof, and deposited either at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment or postponement thereof, or, as to any matter in respect of which a vote shall not already have been cast pursuant to such proxy, with the Chairman of the Meeting on the day of the Meeting, or any adjournment or postponement thereof, and upon either of such deposits the proxy is revoked.

Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must arrange for their Intermediaries to revoke the proxy on their behalf.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company's authorized share structure consists of an unlimited number of common shares without par value. There is one class of shares only and there are 291,546,757 common shares issued and outstanding. The directors have determined that all shareholders of record as of the 17th day of August, 2023 will be entitled to receive notice of and to vote at the Meeting.

At a General Meeting of the Company, on a show of hands, every registered shareholder present in person and entitled to vote and every proxyholder duly appointed by a registered shareholder who would have been entitled to vote shall have one vote and, on a poll, every registered shareholder present in person or represented by proxy or other proper authority and entitled to vote shall have one vote for each share of which such shareholder is the registered holder. Shares represented by proxy will only be voted as to the number of shares represented if a poll or ballot is called for. A poll or ballot may be requested by a registered shareholder or proxyholder present and entitled to vote at the Meeting or required because the number of votes attached to shares represented by proxies that are to be voted against a matter is greater than 5% of the votes attached to all shares that are entitled to be voted and to be represented at the Meeting.

To the knowledge of the directors and executive officers of the Company, as at the date of this Information Circular, no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10% or more of the outstanding voting rights of the Company, other than:

Name	Number of Shares	Percentage
Electrum Global Holdings L.P. <i>(principally owned and controlled by GRAT Holdings LLC)</i>	73,284,594	25%

ELECTION OF DIRECTORS

Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. **Unless such authority is withheld, the Management Appointees intend to vote the shares represented by proxy for the election of the nominees herein listed on any poll or ballot that may be called for.**

MANAGEMENT DOES NOT CONTEMPLATE THAT ANY OF THE NOMINEES HEREIN LISTED WILL BE UNABLE TO SERVE AS A DIRECTOR. IN THE EVENT THAT PRIOR TO THE MEETING ANY VACANCIES OCCUR IN THE SLATE OF NOMINEES HEREIN LISTED, IT IS INTENDED THAT DISCRETIONARY AUTHORITY SHALL BE EXERCISED BY THE MANAGEMENT APPOINTEES, IF NAMED IN THE PROXY, TO VOTE THE SHARES REPRESENTED BY PROXY FOR THE ELECTION OF ANY OTHER PERSON OR PERSONS AS DIRECTORS UNLESS THE SHAREHOLDER HAS SPECIFIED THAT THE SHARES REPRESENTED BY PROXY ARE TO BE WITHHELD FROM VOTING IN THE ELECTION OF DIRECTORS.

Management proposes that the number of directors for the Company be determined at seven (7) for the ensuing year, subject to such increases as may be permitted by the Articles of the Company, and that each of the following persons be nominated for election as a director of the Company for the ensuing year. Oversight and Description of Director and Named Executive Officer Compensation

The Company's Corporate Governance, Nomination and Compensation Committee assesses the compensation of directors and officers on an ongoing basis taking into account the responsibilities and obligations involved with such positions as well as the financial status of the Company and makes recommendations to the Board in this regard.

The Company is an exploration stage company engaged in the acquisition and exploration of mineral natural resource properties. The Company has no revenues from operations and often operates with limited financial resources to ensure that funds are available to complete scheduled programs. Accordingly, the granting of stock options is an important element of executive compensation which does not require cash disbursement by the Company. In determining compensation with respect to stock option grants, however, the Company is cognizant of the Exchange statement in its Policy 4.4 that: "Incentive stock options are a means of rewarding optionees for future services provided to the Issuer. They are not intended as a substitute for salaries or wages, or as a means of compensation for past services rendered." Based on the recommendations of the Company's Corporate Governance, Nomination and Compensation Committee, the Board determines the compensation in the form of stock options to its NEOs, as well as to its directors and certain consultants.

No compensation is tied to one or more performance criteria or goals. No significant events have occurred during the most recently completed financial year that have significantly affected compensation, and no peer group analysis has been conducted in determining NEOs compensation.

Pension Disclosure

The Company does not have any defined benefit plans, defined contribution plans, deferred compensation plans or any other benefit plans in place that provide for payments or benefits at, following, or in connection with retirement.

The independent members of the Board are Nigel Bunting, Peter Cheesbrough, Ginalee Jones, Roger Scammell and Eugene Spiering. Ethical Business Conduct

The Company has adopted a Code of Business Conduct and Ethics (the “Code”) which addresses compliance with laws, conflicts of interest, honesty and integrity, fair dealing, discrimination and harassment, safety and health, honest and accurate record keeping, and specifically ethical conduct for financial managers. A copy of the Code is available on the Company’s webpage at www.southernsilverexploration.com and has also been provided to the Company’s directors, officers and employees. Company personnel are encouraged to speak with their supervisors or other management to obtain guidance in complying with the Code or to report any violations of the Code.

The Company has also established a whistleblower policy to provide Company personnel with a channel to report serious concerns relating to financial reporting or unethical or illegal conduct.

The Board takes steps to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest. The Board ensures that the directors are familiar with the Code as well as their obligations to disclose any material interest in a transaction or contract and to abstain from voting on any resolution to approve such transaction or contract.

Nomination and Compensation of Directors

The Company has a Corporate Governance, Nomination and Compensation Committee (“Governance Committee”) which is appointed by and acts on behalf of the Board. The Governance Committee acts pursuant to the Corporate Governance Nomination Compensation Committee Charter. The Governance Committee is responsible for:

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Stock Option Plan

At the Meeting, shareholders will be asked to approve the Company's proposed 2023 10% rolling incentive stock option plan (the "Plan").

The purpose of the proposed Plan is to provide the Company's directors, officers, employees and management company employees of, or consultants to, the Company and its subsidiaries with an opportunity to purchase shares of the Company and benefit from any appreciation in the value of the Company's shares. This will provide an increased incentive for these individuals to contribute to the future success and prosperity of the Company, thus enhancing the value of the Company's shares for the benefit of all the shareholders and increasing the ability of the Company and its subsidiaries to attract and retain skilled and motivated individuals in the service of the Company.

The following is a description of the key terms of the Plan, which is qualified in its entirety by reference to the full text of the Plan, a copy of which will be available for inspection at the Meeting:

- (a) Eligible Persons: Directors, officers, employees, management company employees of, or consultants to, the Company and its subsidiaries are eligible to participate in the Plan. The Board of Directors, in its discretion and based on the recommendations of the Company's Corporate Governance, Nomination and Compensation Committee, determines when and whether to grant options under the Plan to eligible persons.
- (b) Number of Shares Reserved: The Plan is a "rolling" plan that provides that the aggregate number of shares reserved for issuance under it, and all of the Company's other previously established and outstanding security based compensation plans, is 10% of the Company's issued common shares at the time of the grant of a stock option under the Plan. As at the date of this Information Circular, the Company has 25,170,000 options granted with a remaining balance of 3,984,676 options eligible for future grants under the Plan. Options that expire or terminate without being exercised will again be available under the Plan.
- (c) Limitations: The maximum aggregate number of shares issuable pursuant to all of the Company's security based compensation, including the Plan, in any 12 month period to any one consultant must not exceed 2% of the issued shares of the Company, calculated as at the date any security based compensation is granted or issued to the consultant. The aggregate number of options granted to investor relations service providers in any 12 month period must not exceed 2% of the issued shares of the Company, calculated at the time of grant of the stock option.
- (d) Disinterested Shareholder Approval: Disinterested Shareholder Approval (as defined in the Plan) is required for any amendment to options held by insiders that would have the effect of decreasing the exercise price of such options or that results in a benefit to an insider. Unless Disinterested Shareholder Approval is obtained, the maximum aggregate number of shares issuable pursuant to all of the Company's security based compensation, including this Plan, granted or issued to:
 - (i) any one optionee in any 12 month period must not exceed 5% of the issued shares, calculated as at the date any security based compensation is granted or issued;
 - (ii) insiders (as a group) must not exceed 10% of the issued shares at any point in time; and
 - (iii) insiders (as a group) in any 12 month period must not exceed 10% of the issued shares, calculated as at the date any security based compensation is granted or issued.
- (e) Exercise Price: The Plan provides that the option exercise price, as determined by the Board of Directors, must not be less than the last closing price of the Company's common shares on the TSX Venture Exchange ("Exchange") before the date of grant, less the applicable discount permitted by the policies of the Exchange.
- (f) Term: The term of any option granted under the Plan will be determined by the Board of Directors and, subject to any applicable blackout extension as noted below, shall not be greater than 10 years from the date of grant.
- (g) Vesting: The vesting of options is at the discretion of the Board of Directors. Options granted to any investor relations service providers shall vest in 4 stages over 12 months with no more than one-quarter of such options vesting no sooner than 3 months after the date of grant and, thereafter, no more than one-quarter of such options vesting no sooner than on each of the 6, 9, and 12 month anniversaries of the date of grant. Subject to the approval of the Exchange, if required, the Board of Directors shall have the right to accelerate the date of vesting of any portion of any option which remains unvested. Upon a Change in Control, as defined in the Plan, all options shall become immediately exercisable, notwithstanding any contingent vesting provisions.
- (h) Expiry and Termination: An option shall terminate at the earliest of the following dates:
 - (i) the expiry date specified in the option agreement, subject to any applicable blackout extension;
 - (ii) in the event of death, any options held by the deceased optionee shall pass to a qualified successor and be exercisable until the earlier of 12 months following the date of death and the expiry of the option term;
 - (iii) upon an optionee's employment or engagement as a service provider being terminated for cause, or if an optionee is a director or officer and is removed from office, any options not then exercised shall terminate immediately. If an optionee becomes permanently disabled, any options shall be exercisable until the earlier of 6 months after the date of disability and the expiry of the option term. If an optionee's employment, office, term as a director, or engagement as a service provider is ended or expires otherwise than by reason of termination for cause or by removal, such optionee's option shall be exercisable until the earlier of 90 days after such termination and the expiry of the option term;

- (iv) in the event the Company proposes to amalgamate, merge, or consolidate or to liquidate, dissolve or wind up, or in the event an offer to purchase shares of the Company is made to all shareholders, the Company shall have the right to provide written notification to all optionees of the expiry of all options within 30 days; and
- (v) the date of any sale, transfer, assignment or hypothecation, or any attempted sale, transfer, assignment or hypothecation, of such option in violation of the terms of the stock option plan.
- (i) **Blackout Extension:** If an option expires during a formal blackout period self-imposed by the Company pursuant to its internal trading policies, then the option shall expire 10 days after the blackout period is lifted by the Company; provided that, such automatic extension is not applicable if the Company or optionee is subject to a cease trade order or similar trading restriction.
- (j) **Cashless Exercise:** The Plan allows for “cashless exercise” which is an arrangement that the Company has with a brokerage firm pursuant to which the brokerage firm will loan money to the optionee to purchase the common shares that are subject to the option. The brokerage firm then sells a sufficient number of shares to cover the option price in order to repay the loan made to the optionee. The brokerage firm receives an equivalent number of shares from the exercise of the option and the optionee then receives the balance of shares, or the cash proceeds from the balance of such shares, from the exercise of the option.
- (k) **Amendments:** Subject to approval of the Exchange, if required, the Board may terminate, suspend or discontinue the Plan, or amend or revise the terms of the Plan or an outstanding option, provided that for certain amendments, the Board of Directors must obtain shareholder approval.

The Exchange requires that this Plan be approved by the Company's shareholders every year at the Company's annual general meeting. If shareholder approval of the proposed Plan or a modified version thereof is not obtained, the Company will not proceed to implement the proposed Plan nor grant options under it. Even if approved, the directors may determine not to proceed with the proposed Plan.

The directors recommend that the shareholders approve the proposed Plan.

The Management Appointees named in the accompanying Instrument of Proxy intend (in the absence of direction to the contrary) to vote FOR the above resolution at the Meeting.

Ratification of Shareholder Rights Plan

The Company adopted a shareholder rights plan effective September 4, 2020 with Computershare Investor Services Inc. as rights agent (the “Rights Plan”). The Rights Plan was approved by the shareholders of the Company at its annual general meeting held on September 4, 2020 and must be ratified by the shareholders at every third annual meeting of the Company's shareholders.

Accordingly, shareholders of the Company will be asked at the Meeting to pass an ordinary resolution to ratify and confirm the Rights Plan for an additional three years (until the conclusion of the 2026 annual meeting of shareholders). If such resolution is not passed at the Meeting, the Rights Plan will terminate at the conclusion of the Meeting. The Company is not currently aware of any shareholder whose votes will be ineligible to be counted towards the ordinary resolution to ratify and confirm the Rights Plan.

The TSX Venture Exchange (“Exchange”) initially accepted the Rights Plan for filing on September 15, 2020. This renewal of the Rights Plan is subject to Exchange approval.

A copy of the Rights Plan is available under the Company's profile at www.sedarplus.ca.

Purpose of the Rights Plan

The objectives of the Rights Plan are to ensure, to the extent possible, that all shareholders are treated equally and fairly in connection with any take-over bid or similar proposal to acquire common shares of the Company.

Take-over bids may be structured in such a way as to be coercive or discriminatory in effect, or may be initiated at a time when it will be difficult for the Board of Directors of the Company to prepare an adequate response. Such offers may result in shareholders receiving unequal or unfair treatment, or not realizing the full or maximum value of their investment in the Company.

The Rights Plan discourages the making of any such offers by creating the potential of significant dilution to any offeror who does so. This potential is created through the issuance to all shareholders of contingent rights to acquire additional common shares of the Company at a significant discount to then prevailing market prices, which could, in certain circumstances, become exercisable by all shareholders other than an offeror and its associates, affiliates and joint actors.

An offeror can avoid that potential by making an offer that either: (i) qualifies as a “Permitted Bid” under the Rights Plan, and therefore meets certain specified conditions (including a minimum deposit period of 105 days) which aim to ensure that all shareholders are treated fairly and equally; or (ii) does not qualify as a “Permitted Bid” but is negotiated with the Company and has been exempted by the Board of Directors from the application of the Rights Plan in light of the opportunity to bargain for agreed terms and conditions to the offer that are believed to be in the best interests of shareholders.

Notwithstanding that there have been recent amendments to the current Canadian securities legislation which include, inter alia, an increased minimum deposit period from 35 days to 105 days, the Board of Directors believes that the Rights Plan remains in the best interests of the Company and will ensure that all shareholders have an equal opportunity to participate in a change of control transaction.

The Rights Plan was not proposed in response to, or in anticipation of, any pending, threatened or proposed acquisition or take-over bid known to the management of the Company. The Rights Plan is also not intended as a means to prevent a take-over of the Company, to secure the continuance of management or the directors in their respective offices, or to deter fair offers for the common shares of the Company.

For a summary of the key terms and conditions of the Rights Plan, please see Schedule "B" to this Information Circular. Shareholders are urged to carefully review the summary in its entirety.

SCHEDULE "A"

AUDIT COMMITTEE CHARTER

(Adopted by the Board of Directors of Southern Silver Exploration Corp. on October 10, 2004)

A. PURPOSE

An audit committee is a committee of a board of directors to which the board delegates its responsibility for oversight of the financial reporting process. Traditionally, the audit committee has performed a number of roles, including:

- (a) helping directors meet their responsibilities;
- (b) providing better communication between directors and the external auditors;
- (c) enhancing the independence of the external auditor;
- (d) increasing the credibility and objectivity of financial reports; and
- (e) strengthening the role of the directors by facilitating in-depth discussions among directors, management and the external auditor.

Multilateral Instrument 52-110 *Audit Committees* ("MI 52-110") requires that the audit committee also be responsible for managing, on behalf of the shareholders, the relationship between the issuer and its external auditors. In particular, it provides that an audit committee must have responsibility for:

- (a) overseeing the work of the external auditors engaged for the purpose of preparing or issuing an auditors' report or related work; and
- (b) recommending to the board of directors the nomination and compensation of the external auditors.

Although under corporate law, an issuer's external auditors are responsible to the shareholders, in practice, shareholders have often been too dispersed to effectively exercise meaningful oversight of the external auditors. As a result, management has typically assumed this oversight role. However, the auditing process may be compromised if the external auditors view their main responsibility as serving management rather than the shareholders. By assigning these responsibilities to an independent audit committee, MI 52-110 ensures that the external audit will be conducted independently of the issuer's management.

MI 52-110 provides that an audit committee must be directly responsible for overseeing the work of the external auditors engaged for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services for the issuer, including the resolution of disagreements between management and the external auditors regarding financial reporting. Notwithstanding this responsibility, the external auditors are retained by, and are ultimately accountable to, the shareholders. As a result, MI 52-110 does not detract from the external auditors' right and responsibility to also provide their views directly to the shareholders if they disagree with an approach being taken by the audit committee.

The Board of Directors (the "Board") of Southern Silver Exploration Corp. (the "Company") is responsible for the management of the business and affairs of the Company. The Audit Committee (the "Committee") is appointed by the Board as an independent and objective party to assist in fulfilling the Board's responsibility for oversight of the Company's financial reporting process.

The Company must comply with the applicable requirements of MI 52-110 which includes having a written charter that sets out the Committee's mandate and responsibilities. As of the date above, the Company is a Venture Issuer as that term is defined under MI 52-110. Accordingly, it is exempt from the requirements of Part 3: Composition of the Audit Committee and Part 5: Reporting Obligations of MI 52-110. The Board may, at any time, amend or rescind any of the provisions hereof, or cancel them entirely, with or without substitution.

B. AUTHORITY

1. The Committee, through its Chair, may directly contact any officer or employee of the Company as it deems necessary or advisable to fulfill its duties and responsibilities, and any officer or employee may bring before the Committee any matter involving questionable, illegal or improper financial practices or transactions;
2. The external auditors will report directly to the Committee. The external auditors shall have a direct line of communication to the Committee through its Chair and may bypass management if deemed necessary; and
3. The Committee may engage, at the Company's expense, outside legal counsel or other advisors as the Committee considers necessary to fulfill its duties and responsibilities and to negotiate compensation arrangements for any such advisors.

C. COMPOSITION AND MEETINGS

Actions of the Committee may be taken by an instrument or instruments in writing signed by all of the members of the Committee, and such actions shall be effective as though they had been decided by a majority of votes cast at a Committee meeting called for such purpose. All decisions or recommendations of the Committee shall require the approval of the Board prior to implementation;
6. The time and place at which a Committee meeting shall be held, and procedures at such meetings shall be determined from time to time by the Committee. A Committee meeting may be called by email, telephone, facsimile, letter or other communication means, by giving at least 48 hours notice. Notice of a Committee meeting shall not be necessary if all of the members are present either in person or by telephone or other telecommunication device or if those absent have waived notice or otherwise signified their consent to the holding of such meeting;

SCHEDULE “B”

SUMMARY OF THE RIGHTS PLAN

Please see “Ratification of Shareholder Rights Plan” in the Information Circular to which this Schedule is attached for a discussion of the Rights Plan and the reasons for the Board of Directors recommending its ratification.

Capitalized terms used but not specifically defined in this Schedule shall have the meanings ascribed thereto in the Information Circular.

The following summary of the Rights Plan is qualified in its entirety by reference to the complete text of the Shareholder Rights Plan Agreement dated September 4, 2020 between the Company and Computershare Investor Services Inc. as rights agent. The Shareholder Rights Plan Agreement shall govern in the event of any conflict between the provisions thereof and this summary. A copy of the Shareholder Rights Plan Agreement is available under the Company’s profile at www.sedarplus.ca or by contacting the Secretary of the Company at 1100-1199 West Hastings Street Vancouver, British Columbia, V6E 3T5.

Term

If ratified and confirmed at the Meeting, the Rights Plan will (subject to earlier termination in accordance with its terms) remain in effect until termination of the annual meeting of shareholders in 2026 unless the shareholders vote by ordinary resolution at that meeting to ratify and confirm the Rights Plan. If shareholders do not ratify and confirm the Rights Plan at the Meeting, the Rights Plan will terminate at the conclusion of the Meeting.

Issue of Rights

One right (a “Right”) was issued by the Company in respect of each common share of the Company outstanding at the close of business on September 4, 2020, being the effective date of the Shareholder Rights Plan Agreement (the “Record Time”). One Right has and will also be issued for each additional common share (or other voting share of the Company) issued after the Record Time and prior to the earlier of the Separation Time (as defined below) and the time at which the Rights expire and terminate.

The issuance of the Rights is not dilutive and will not affect reported earnings or cash flow per share unless the Rights separate from the underlying shares in connection with which they were issued and become exercisable or are exercised.

The issuance of the Rights will also not change the manner in which shareholders currently trade their common shares, and is not intended to interfere with the Company’s ability to undertake equity offerings in the future.

Separation Time / Ability to Exercise Rights

The Rights are not exercisable, and are not separable from the shares in connection with which they were issued, until the “Separation Time”, being the close of business on the date that is 10 business days after the date a person becomes an Acquiring Person (as defined below) or announces an intention to make a take-over bid that does not qualify as a Permitted Bid (as defined below), or such later time as the Board of Directors may determine.

Acquiring Person

A person will be considered to be an Acquiring Person for the purposes of the Rights Plan if they, together with their associates, affiliates and joint actors, acquire beneficial ownership (within the meaning of the Rights Plan) over 20% or more of the outstanding voting shares of the Company other than pursuant to a Permitted Bid or another type of transaction that is excepted under the Rights Plan.

In general terms, a person will not be considered to be an Acquiring Person for the purposes of the Rights Plan if it becomes the holder of 20% or more of the voting shares by reason of: (i) a reduction of the number of voting shares outstanding; (ii) an acquisition under a Permitted Bid (as defined below); (iii) an acquisition in respect of which the Board of Directors of the Company has waived the application of the Rights Plan; (iv) an acquisition under a dividend or interest reinvestment plan or a stock dividend or similar pro rata event; (v) an acquisition from treasury that does not result in an increase in the person’s proportionate shareholdings; or (vi) the exercise of convertible securities that were themselves received by the person pursuant to such a transaction; provided, however, that any subsequent increase by 1% or more in the person’s shareholdings (other than pursuant to an exempt transaction) will cause the person to be an Acquiring Person for the purposes of the Rights Plan.

Consequences of a Flip-in Event

A “Flip-in Event” refers to any transaction or event pursuant to which a person becomes an Acquiring Person. Following the occurrence of a Flip-in Event as to which the Board of Directors has not waived the application of the Rights Plan, each Right held by:

- (a) an Acquiring Person (or any of its associates, affiliates or joint actors) on or after the earlier of the Separation Time or the first date of public announcement that an Acquiring Person has become such, shall become null and void; and
- (b) any other shareholder shall entitle the holder thereof to purchase additional common shares from the Company at a substantial discount to the prevailing market price at the time.

Permitted Bid Requirements

An offeror may make a take-over bid for the Company without becoming an Acquiring Person (and therefore subject to the consequences of a Flip-in Event described above) if it makes a take-over bid (a "Permitted Bid") that meets certain requirements, including that the bid must be:

- (a) made pursuant to a formal take-over bid circular under applicable securities laws;
- (b) made to all registered holders of voting shares (other than the offeror); and
- (c) subject to irrevocable and unqualified provisions that:
 - i. the bid will remain open for acceptance for at least 105 days from the date of the bid;
 - ii. the bid will be subject to a minimum tender condition of more than 50% of the voting shares held by independent shareholders;
 - iii. the bid will be extended for at least 10 business days if more than 50% of the voting shares held by independent shareholders are deposited to the bid (and the offeror shall make a public announcement of that fact); and
 - iv. any shares deposited can be withdrawn until taken up and paid for.

A competing take-over bid that is made while a Permitted Bid is outstanding and satisfies all of the criteria for Permitted Bid status, except that it may expire on the same date (which may be less than 105 days after such bid is commenced) as the Permitted Bid that is outstanding (subject to a minimum bid period of 35 days from commencement), will be considered to be a "Permitted Bid" for the purposes of the Rights Plan.

Certificates and Transferability

Before the Separation Time, the Rights will be evidenced by a legend imprinted on share certificates issued after the effective date of the Shareholder Rights Plan Agreement. Although Rights will also be attached to common shares of the Company outstanding on the effective date, share certificates issued before the effective date will not (and need not) bear the legend. Shareholders will not be required to return their certificates to be entitled to the benefits of the Rights Plan.

From and after the Separation Time, Rights will be evidenced by separate certificates.

Before the Separation Time, Rights will trade together with, and will not be transferable separately from, the shares in connection with which they were issued. From and after the Separation Time, Rights will be transferable separately from the shares.

Waiver

A potential offeror for the Company that does not wish to make a Permitted Bid can nevertheless negotiate with the Board of Directors to make a formal take-over bid on terms that the Board of Directors considers fair to all shareholders, in which case the Board of Directors may waive the application of the Rights Plan. Any waiver of the Rights Plan's application in respect of a particular take-over bid will constitute a waiver of the Rights Plan in respect of any other formal take-over bid made while the initial bid is outstanding.

The Board of Directors may also waive the application of the Rights Plan in respect of a particular Flip-in Event that has occurred through inadvertence, provided that the Acquiring Person that inadvertently triggered the Flip-in Event thereafter reduces its beneficial holdings below 20% of the outstanding voting shares of the Company within 14 days or such other date as the Board of Directors may determine.

With shareholder approval, the Board of Directors may waive the application of the Rights Plan to any other Flip-in Event prior to its occurrence.

Redemption

Rights are deemed to be redeemed following completion of a Permitted Bid (including a competing Permitted Bid) or any other take-over bid in respect of which the Board of Directors has waived the Rights Plan's application.

With requisite approval, the Board of Directors may also, prior to the occurrence of a Flip-in Event, elect to redeem all (but not less than all) of the then outstanding Rights at a nominal redemption price of \$0.00001 per Right.

Directors' Duties

The Rights Plan does not in any way lessen or affect the duty of the Board of Directors to act honestly and in good faith with a view to the best interests of the Company. In the event of a take-over bid or any other such proposal, the Board of Directors will still have the duty to take such actions and make such recommendations to shareholders as are considered appropriate.

Amendments

Amendments to the Rights Plan are subject to shareholder approval, unless to correct any clerical or typographical error or (subject to confirmation at the next meeting of shareholders) make amendments that are necessary to maintain the Rights Plan's validity as a result of changes in applicable legislation, rules or regulations. Any amendments will also be subject to any requisite approval of any stock exchange on which the shares of the Company are then trading.
